

3. Center - The "Center" control selects the mid point of the sweep. Its effect is much more noticeable when the sweep travel is reduced with the Phase Travel control. The sound is fuller in the maximum position and thinner in the minimum position.
4. Harmonic Coloration Switch - This two position switch selects between two distinct sounds. One is a full rich sound, the other a hollow synthetic sound.
5. Treadle - The treadle or foot pedal when in the automatic "Auto" mode controls the rate of flanging. The flanging is slowest with the toe up, approximately 1 cycle every 20 seconds. The fastest rate with the toe down is approximately 20 times per second. The rate can be varied while playing or will remain at any desired rate when your foot is removed. In the "Foot" mode the sweep occurs as the treadle is moved. Do not pump rapidly as with a Wah. Experiment moving the treadle gradually. The sounds will vary in every position. The treadle may be left in any position where the desired effect for the music being played is obtained.

#### IN CONCLUSION

The Morley Pro Flanger can be used with many other effects such as (but not limited to) the Morley Electrostatic Delay Line or Power Wah Fuzz. Do not hesitate to experiment. Its full potential is dependent upon your own creativity and talent.

#### WARRANTY

Morley pedals are state of the art products built to the highest professional standards of quality therefore, for one year from the date of purchase, Morley warrants its products to be free from defect, to the original consumer purchaser, provided that:

1. The product has not been damaged, or abused.
2. The product has not been altered, or repaired by the customer or an unauthorized service center.
3. The serial number has not been altered or erased.
4. The guarantee card is filled out, and returned to us within 10 days from date of purchase.
5. The purchaser returns the product to us freight prepaid in the event that service is required.

Once the above conditions are met, Morley will repair or replace the product, without charge to the purchaser for the one year guarantee period.

Thank you for buying Morley
