

The percussive repeat sound is initiated by operation of the repeat switch only and not from use of the Electro-Pik. A standard pick, the fingers or the Electro-Pik may therefore be used in this mode of operation.

The Repeat Percussion rate may be varied from below 1 per second to above 15 per second.

The PPA has low output impedance in all modes of operation and is able to drive long lengths of cable between the pedal and the amplifier. Using typical good quality microphone cable, over 300' of cable may be used without noticeable high frequency attenuation.

MORLEY PEDALS ARE STATE OF THE ART PRODUCTS BUILT TO THE HIGHEST PROFESSIONAL STANDARDS OF QUALITY. THEREFORE, FOR ONE YEAR FROM THE DATE OF PURCHASE, MORLEY WARRANTS ITS PRODUCTS TO BE FREE FROM DEFECT, TO THE ORIGINAL PURCHASER, PROVIDED THAT:

1. The product has not been damaged or abused.
2. The product has not been altered or repaired by the customer or an unauthorized service center.
3. The serial number has not been altered or erased.
4. The guarantee card is filled out, and returned to us within 10 days from date of purchase.
5. The purchaser returns the product to us freight prepaid in the event service is required.

ONCE THE ABOVE CONDITIONS ARE MET MORLEY WILL REPAIR OR REPLACE THE PRODUCT, AT ITS OPTION, WITHOUT CHARGE TO THE PURCHASER FOR THE ONE YEAR GUARANTEE PERIOD.

NOTE - PIK, PIK CABLE AND SIGNAL CABLE WARRANTED 30 DAYS.

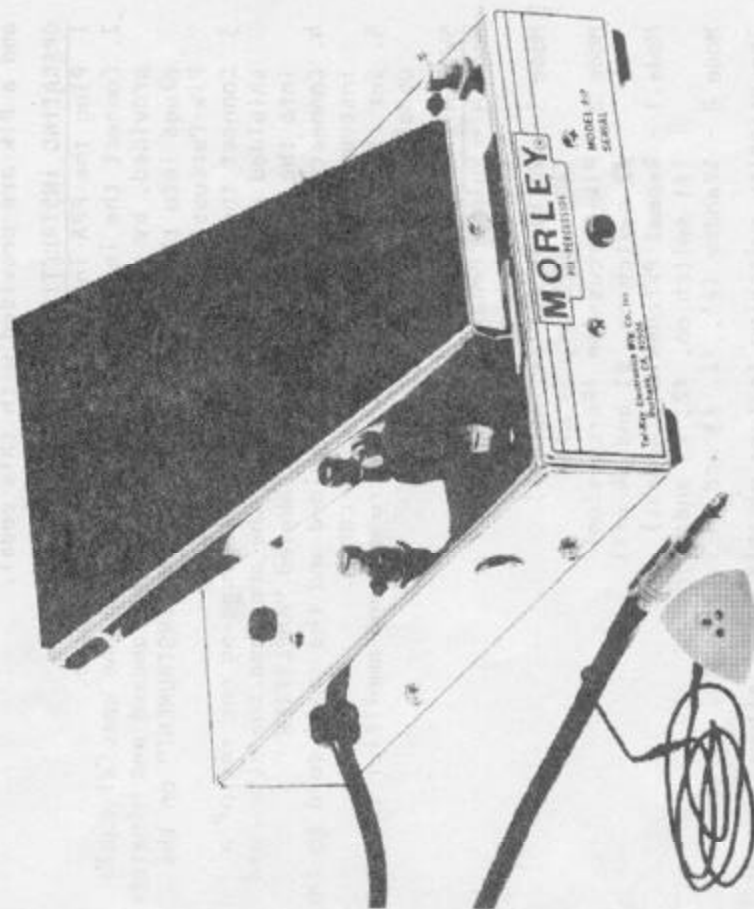

**WARNING - TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.**
